Canteen Service Co. Acquires

Kaplan Vending Service

Canteen Service Co. is proud to announce that we have acquired the assets of Kaplan Vending Service of Scarborough. The former president of Kaplan, Dave Rumpf, and Canteen-Saco's branch manager Jim Gillespie have been working hard to visit all our new clients and customers to ensure a smooth transition. Canteen was able to retain most of the Kaplan employees, helping in our effort for a seamless cross-over of our businesses. Now Canteen is in the midst of training our new employees with hand-held computers that capture and report our data for our modern and comprehensive "route accounting system."

Dave has shared many compliments from his former clients about the quality of our home-made products that are produced fresh in our own commissary. Our Saco route supervisors are eager to meet their new contact people at each account, and our maintenance staff is still learning their way to over five hundred new vending machines. Canteen has a lot of new services that we want to share with our new customers, including our on-staff nutrition consultant, catering, office coffee and water filtration services. Canteen welcomes our new Kaplan customers and appreciates your support of our merger.

Thank you!

Jim Gillespie and Dave Rumpf working together for a smooth transition.

Summer Catering Success

An outdoor BBQ is a great way of showing employee appreciation. There's nothing like getting outdoors and enjoying freshly cooked food off the grill. Canteen is proud to serve many of our customers by organizing such events. So far this year we have done over 14 outdoor BBQs! After their BBQ, the plant manager at Poland Spring in Hollis wrote to Canteen saying, "I wanted to take a minute to let you know how much Poland Spring has appreciated the quality and efforts of Canteen since the beginning of our partnership over six months ago. Your team has quietly and quickly met our daily needs as well as numerous special requests. Specifically the recent BBQ dinner you prepared for our over 400 employees with very short notice. The food was outstanding as was the service. We appreciate your efforts and daily quality service and we look forward to many years of partnering with Canteen." Another happy customer wrote, "I want to thank you for an excellent BBQ on Friday. Everyone seemed happy with the food, the preparation and the cooks! I have never had to set up anything like this and you made it very easy for me." One BBQ in Guilford served 6 shifts over 3 days!! Canteen does it right. Please consider us for your next catered event. Our experienced staff will customize your menu to fit your needs. All of our servers are "ServSafe" certified. Food safety is our #1 priority. Call your local Canteen branch manager to get started today! The holidays are just around the corner!!

There's a chill in the air!

Keurig Coffee K-Cup

Fall flavors:

Autumn Harvest and Pumpkin Spice

Holiday Flavors:

Gingerbread, Spicy Eggnog and Holiday Blend

What do you have for a hot beverage service? If it's not the Keurig System, call and ask about it! A freshly brewed cup every time! Many flavor choices, including tea and hot cocoa!!
